About Us

Welcome to Second Chance Volunteers Inc, where we are dedicated to providing volunteer opportunities for young women between the ages 18 years old to 40 years old who need to fulfill court-mandated volunteer hours as an alternative to jail time. Our mission as a non-profit is to create a community that fosters understanding, compassion, and empowerment for individuals on their journey to social reintegration.

At Second Chance Volunteers, we believe in the power of second chances and are committed to making a positive impact in the lives of those struggling with community reintegration. Our focus is to reduce recidivism by offering meaningful community service experiences that foster personal growth, skill development, and social reintegration. Volunteers will have a chance to participate purposeful, restorative, and inclusive projects.
